

A high-angle, wide shot of a mountain valley. In the foreground, a dirt path leads to a wooden viewing platform where several people are sitting. The path is flanked by green coniferous trees. Below the platform, a deep blue lake winds through a valley. The background is dominated by massive, rugged mountains with patches of snow and rocky peaks under a clear blue sky with some light clouds.

DEAR RETAIL PARTNERS,

our passion for nature and the mountains still serves today as the best source of inspiration and motivation – the power that drives us to continuously develop new shoes and boots.

For more than 300 years and nine generations, we have been relying on our family tradition and our ability to manufacture high-quality products that also have their origin in numerous innovations. We are also proud of the fact that we have remained a family business through and through and are able to pass our values and experience on to the next generation.

In this catalogue, we once again present to you a wide range of exciting new products and developments that stand out through a large number of innovations. We put all of our experience and enthusiasm into the further development of our collection in order to be able to offer your customers the right product for every kind of activity and every type of weather.

In future as well, we intend to carry on with our production operations in Kirchanschöring and in other locations in Europe. Here, we rely on state-of-the-art technologies and materials in order to ensure we can offer you boots that meet the most demanding requirements, and our organisational structure also enables us to keep shipping distances as short as possible.

“Live with nature – experience it and treat it with respect”

– Alfons Meindl

Having grown up in and with nature, environmental protection is extremely important to us. We conserve natural resources and prefer to repair things rather than throw them away, something we also consistently put into practice in our in-house repair service operations.

Our family business is proud of the fact that we not only manufacture high-quality products but also do our part to conserve resources and protect the environment. Our focus on sustainability also means we actively support the use of environmentally friendly production methods and materials.

For us, sustainability is not a goal but rather an ongoing journey that you can follow on our website www.meindl.de/sustainability-2/?lang=en.

We wish you all a successful season and look forward to continuing our strong and rewarding partnership.

Lars Meindl

SUSTAINABILITY BASED ON TRADITION.

Every single day we go one step further –
EcoStep by EcoStep.

Our products allow people to experience nature, and this is why it matters so much to us to protect nature and to care for it in every respect. We therefore do not view sustainability as a collection of clever advertising claims. Instead, sustainability is a path that we are taking, one that leads us to become better every day while focusing on the quality of our products with motivated ideas, innovation and above all a strong sense of responsibility that we, as a Bavarian family business, have assumed for more than 300 years. These days, we are guided by our nine, #EcoSteps for step-by-step improvement.

MORE INFO

TECHNOLOGY BASED ON TRADITION.

This philosophy has been driving us for more than three centuries, ensuring that our boots and shoes just keep getting better.

From the very beginning, we have understood that safety must always be the top priority with technical footwear. This is why every day at Meindl we need to reconcile what seem to be conflicting requirements with regard to low weight, the best possible fit, excellent durability, a high degree of comfort and complete safety. Our numerous Meindl technology innovations are part of the secret of our success alongside the hand craft skills of the people who manufacture our boots and shoes with as many as 190 individual production steps. Bavarian shoemaking craftsmanship combined with revolutionary innovation – this is how we define the philosophy of technology based on tradition, and it's a philosophy we remain committed to.

Lagos MFS

Hand applied rubber rand

- The Memory Foam System, with its 2 different foams, wraps around the entire ankle for a perfect fit
- With just a few seams and a specific cut, it gives a soft rolling action
- The softly padded leather cuff gives excellent comfort
- The high rubber rand protects the front of the boot

The MFS principle

The MFS foam in the upper and the SOFT PRINT foam in the foot-bed adapt perfectly to the shape of the foot due to body heat and/or pressure.

VARIOFIX® 3 SYSTEM

The variofix® lacing system provides a perfect fit – and has proven itself over many years and been continually improved. In the heel area, the variofix® system that runs around the heel provides good heel positioning. When lacing up, the free-running “Speedwire” is pulled in closely and evenly around the heel. This guarantees better support.

variofix®

MEINDL MULTIGRIP® BY VIBRAM®

The cleat at the front of the heel projects forwards to provide more bite. The profile has an open angle so that it self-cleans in the roll-off movement. The cleats in the centre provide security that the profile grips in all directions.

WELLNESS FOR YOUR FEET

Montafon GTX

MEINDL Hand applied rubber rand

- Special Comfort fit®-shape
- Cemented construction ensures stability and durability
- Upper made of one piece
- The Variofix® 3 lacing system gives an excellent heel fit
- The EVA sole has two different degrees of hardness and good cushioning
- Special Comfort fit® “Sport” & “Hiking” footbeds

Comfort fit® concept

In comparison to a trekking last, our Comfort fit® last has more space at the front of the foot with a firm grip on the heel. You stand on a wider base. The more defined contour enables easier rollover when walking.

- 1 More room for toes and more capacity
- 2 More ball width and straight adjustment of the big toe
- 3 Wider stance due to wider sole base
- 4 Perfect fit due to the snug-fitting heel

The alpine boot

Particularly stable for alpine trekking in rocky landscapes, on rock faces, scree and glaciers; suitable for use with crampons.

The trekking "classic"

For lengthy walks and comfortable hikes in a gentle alpine landscape.

Introductory boot for walking & trekking

On high alpine pastures, in low mountain ranges and on maintained paths.

The ultimate alpine boot

Completely reliable for extreme use in critical landscapes, totally robust for use with crampons.

Trekking boot for ambitious trekking

In low alpine ranges and on fixed rope routes (suitable for flexible crampons).

Multifunctional boot or shoe

For leisure, outdoor sports activities, travelling and for everyday use.
